

GEDCOM Questionnaire

Thank you for submitting your gedcom file to us. When we work with a gedcom file we can initially only estimate the cost of work involved and we would ask you to refer to the price list attached to this email for further details.

There are a number of questions we now need to ask you to establish the type and style of chart that you would like us to produce. Please fill in the details below where appropriate and return to us. To add your details on screen (assuming this document is open in Adobe Reader) just click on 'Sign' at the top right of this window and click the option to add text. When you have finished please save the document and attach it to a reply email for sending back to charts@my-history.co.uk

Please complete your name, invoice address and daytime telephone number below:

If you would prefer to design your own chart, then we would strongly recommend purchasing some family tree software. Packages start from as little as £20 and we would recommend either Family Tree Maker or Family Historian both of which will accept your gedcom file. Once installed you can then enjoy creating a range of charts, reports and books. All of which you can customise and include photographs, backgrounds, borders, titles etc. and really bring your chart to life.

I have included the links for both software packages below to facilitate ordering for you and if you need any tips or hints on how to produce your charts please don't hesitate to send us an email.
